

WA Marine Science *Show-and-Tell* Seminar

THURSDAY 29 MARCH 2007

9:15AM – 4:30PM

SEMINAR ROOM 1 'HOMEBASE EXPO' 55 SALVADO ROAD, SUBIACO

AIM

The aim of this *Show-and-Tell* Seminar is to provide marine researchers and group leaders with the opportunity to describe, in a relaxed atmosphere:

- what marine research activities they / their students/staff currently have underway?
- where these activities are being undertaken?
- what are the preliminary findings?
- what else is being planned for commencement in 2007?

REQUIREMENT

Presentations will be scheduled for 10 minutes per presenter/research activity. Presentations can be brought on a memory stick or CD [with a limit of 6 slides (only) for presenting on the day please].

An approx one page abstract can also be provided on the day for collation into a compendium of current research activities for distribution to seminar attendees.

RSVP

COB Friday 16 March to: mishelle.tarling@wamsi.org.au

When you RSVP please state whether you wish to:

1. Attend only; or
2. Attend and present a project/ group of projects

Whilst this event is being sponsored by WAMSI – the Western Australian Marine Science Institution in terms of organisation and catering etc, the seminar has been designed to try and provide an *all-comers* snapshot of those marine science activities underway or are being planned in WA at the current time.

For further information and background on this event, please contact the WAMSI Office on ph: 6488 4572
