

Marine Science in WA 2010 Show-&-Tell

Name: Emily Fisher

Affiliation: Murdoch University

Supervisor Prof. Norm Hall & Dr. Alex Hesp

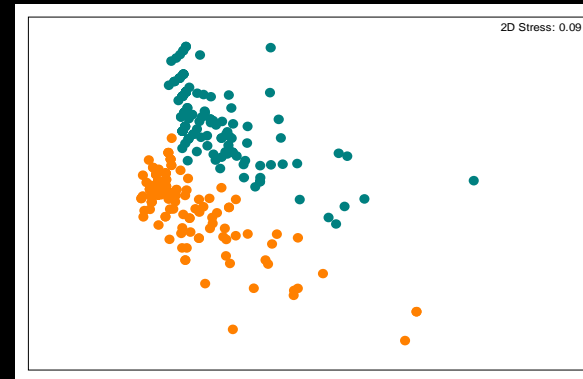

Newsflash title: Management Strategy Evaluation

Management Strategy Evaluation

Aims of PhD study:

- Predict the most effective strategies for managing fish species with different biological characteristics
- Explore how to best communicate information from the model outputs to decision-makers

Emily Fisher

Supervisors:
Prof. Norm Hall & Dr. Alex Hesp
