

# Marine Science in WA 2010 Show-&-Tell

Name: Laura Stocker

Affiliation: Curtin University

Newsflash title: Enabling science uptake in  
Australia's coastal zone

# Enabling Science Uptake in Australia's Coastal Zone

- **A new CSIRO Collaboration Cluster under the Wealth from Oceans and Climate Adaptation Flagships**
- **Aims: to identify barriers to uptake of science in coastal zone; generate clearer model of how coastal adaptation research community can engage more effectively with stakeholders and decision-makers; and thus improve management outcomes in coastal zone.**
- **Seven universities: Curtin, Deakin, Adelaide, Flinders, Tasmania, Sunshine Coast, Wollongong.**
- **Themes: governance, socio-cultural context, knowledge systems, adaptive learning and integration.**
- **Lead by Curtin University; David Wood and Laura Stocker**
